

The Schedule of EGG 2014

Welcome programs on July 28th (Monday)

- 9:00 Opening remarks, Room II
 18:30 Introducing the University of Debrecen, 2nd floor, Aula

Classes

Week I

Time	Room A	Room B	Room C
9:30-10:45	Zdziebko Morpho-phonology in modern linguistics	Salzmann The syntax of relative clauses (two-week course)	Castroviejo & Gehrke Modification (two-week course)
10:45-12:00	Coetzee Introduction to constraint-based phonology	Koeneman Verb placement and agreement	Onea & Panizza The theory and processing of scalar inferences (two-week course)
13:30-14:45	Castroviejo & Gehrke Introduction to semantics (two-week course)	Köhnlein Variation in prosodic systems – synchronic and diachronic aspects	Bronwyn Bjorkman The representation of aspect
14:45-16:00	Koeneman & Zeijlstra Introduction to syntax (two-week course)	Georgi Hierarchy effects in morphosyntax (two-week course)	Onea The semantics of conditionals
16:15-17:30	Panizza Crash course on psycholinguistic experiments		Schmitt Plurals, pluralities and quantification (two-week course)

Week II

Time	Room A	Room B	Room C
9:30-10:45	Köhnlein Synchronic typology of metrical systems	Georgi Hierarchy effects in morphosyntax (two-week course)	Schmitt Plurals, pluralities and quantification (two-week course)
10:45-12:00	Castroviejo & Gehrke Introduction to semantics (two-week course)	Mascaró Variation in vowel systems	Iatridou Tense and aspect
13:30-14:45	Koeneman & Zeijlstra Introduction to syntax (two-week course)	Salzmann The syntax of relative clauses (two-week course)	Iatridou Focus and presupposition
14:45-16:00	Bonet From morphosyntax to phonological realization	Coetzee Grammatical and non-grammatical factors in phonological variation	Onea & Panizza The theory and processing of scalar inferences (two-week course)
16:30-17:45	Zdziebko Variation and opacity in morpho-phonology	Bjorkman & Zeijlstra Directions of agree	Castroviejo & Gehrke Modification (two-week course)
